KidsMBA at Ryan Global Schools

In 2025, Ryan Global School proudly launched the ABE Endorsed KidsMBA Programme in collaboration with ABE Global, marking a significant milestone in embedding entrepreneurship education into middle school learning. The inaugural batch saw over 60 enthusiastic students from Grades 6–9 engage in a week-long entrepreneurial bootcamp designed to develop foundational business acumen, creativity, and leadership.

Over eight modules, students explored the fundamentals of entrepreneurship — from idea generation and financial literacy to marketing, ethics, and sustainability. The program will culminate in a "Ryan Shark Tank Challenge," where learners pitched innovative business ideas to address real-world challenges such as sustainability, educational access, and community well-being.

The initiative reflects Ryan Group's commitment to nurturing practical skills, critical thinking, and social entrepreneurship — key attributes for thriving in the 21st century.
